IN-STORE SIGN MAKING

WELCOME TO SIGN BUILDER BY CENTURION FOR ACE

SIGN BUILDER IS A COMPUTER-BASED SIGN DEVELOPMENT SYSTEM.

- It features Templates to help you produce effective signs easily, quickly and reliably.
- This sophisticated system is FREE.
- All you will need is to purchase the sign stock from the RSC, have a laser printer in store, computer to generate the signs and a pallet sign holder or location to insert the graphic.

HOW TO CHOOSE:

- Select your pallet sign holder SKU or identify the specific location to set the sign
 - This will define the template size required for the holder/area.
- Select the signage template design and size SKU
- Both template stock and holders can be ordered on AceNet.

Sign Holder	SKU	Vendor	Description	Size	Type	Color	Material	Cost (RC)	Qty per Carton

HOW THE SIGN BUILDER TOOL WORKS:

From your computer browser (Chrome recommended), search for Centurion's website www.centurion-inc.com

Step 1: From the menu bar on the Centurion home page, select "Solutions by System".

- Solutions by System>Sign Builder by Centurion>Sign Builder by Centurion for Ace
- From there you will see a variety of Ace sign templates
- Under the desired template, click on the "Sign Builder" icon to get started. 

Step 2: Choosing The Template

- Choose the template you selected and download the PDF
- **Note:** For best results, download the template and save it to your computer.

Step 3: Completing The Template

- Once downloaded and saved find the file and open it.
- Tab through the various fields within the template and fill-in the content.
- Project description
- Original Price
- Sale Price: **You can highlight customer savings**
- Product SKU numbers and UPC SKU numbers

Step 4: Printing The Template.

- Prior to printing, review to check spelling and accuracy
- Save to your computer
- Load sign template stock into your printer
- Print
- Insert printed signs into sign holder

For questions specific to the Sign Builder tool, please contact Centurion 800-323-2193 or while in the tool, chat Online by clicking the icon
